## SHOWS "EVIDENCE OF CHRISTIANITY"

### T. B. Larimore Continues Revival Services at Church of Christ

The revival conducted by T. B. Larimore at the Church of Christ, Fourteenth street and Meridian place, northwest, continues, with much interest manifested.

Mr. Larimore, who has for many years been prominent in evangelistic work in the South and West, has had under consideration this week "The Evidence of Christianity," that is, proofs of the existence of God, the divinity of Christ and the inspiration of the Bible. In the investigation of this question, he said, in substance:

There are two theories of creation. Christians believe God is Creator. This issue cannot be evaded by attributing creation of the material universe to a great, original First Cause; for either God or chance creates and controls confusion and chaos abound. The system and order of nature, from atom to universe, proclaim the existence of an all-wise, all-powerful creator.

The power and perfection of our own organs denote a Creator. The telescope reveals worlds millions of miles away. The eye—a wonderful organ, made by chance, if God is not—sees them at a glance. A still more wonderful power of man, made by chance, if God is not, is the mind of man, and yet man, made by chance, if God is not, can dig down mountains, fill up valleys, tunnel under the everlasting hills, can navigate rivers, lakes and seas; he can cultivate the soil, gather his crops and enjoy the fruits of his labors; but he cannot create one grain of corn or wheat, one blade of grass.

Mr. Larimore told a fictitious story of a lecturer's exhibiting to an audience a wonderful chronometer and claiming it was made by chance; that the lecturer, in the midst of the great Chicago fire, put into a basket watches, jewels, springs, wheels, tools and various metals; that by accident the basket received a terrific blow from a passing vehicle, and its contents were so knocked together as to form that wonderful chronometer; hence that chance was really the creator of that wonderful timekeeper.

Of course no sane mind would accept such a statement. Reason rejects it as utterly absurd; and yet that assumption is insignificant as compared with the assumption that Chance made the material universe, that great Chronometer, that keeps time through the ages without the slightest variation, with never a stop, never a flaw in its movement, moving on so accurately and regularly that an astronomer by the exercise of a mind made by Chance—if Chance is not—can calculate when an eclipse of the sun will appear and where it will appear, fifty years in the future, and the eclipse will occur at exactly the minute set for its appearance.

Mr. Larimore is still considering the question of "The Evidence of Christianity," preaching every evening at 7:45, except Saturday, and at 11 and 7:45 Sunday.

His sermons now are especially interesting to Jews and their friends, as he is considering prophecies regarding the descendants of Abraham which have been fulfilled or are in process of fulfillment now, saying many fine things of Abraham and his posterity.

A special feature of the revival next week will be service at 11 o'clock on national Thanksgiving Day.

## RALLY IN INTEREST OF UNION COLLEGES

Committee on Christian Work in Orient Calls Mass Meeting.

The Washington committee for the Women's Union Christian Colleges of the Orient, Mrs. Wallace Radcliffe, chairman, is making plans for the final mass meeting in the interest of the colleges to be held at the Mount Vernon Place Methodist Church on Sunday afternoon, December 3, at 5 o'clock.

It will be recalled that it was Mrs. Radcliffe's committee which put on a special financial campaign last fall which closed with a handsome luncheon at Raucher's where nearly 400 of the leading official, church and club women of the city were in attendance, and where almost \$25,000 was reported as having been raised in Washington for the colleges.

This was the first of the college luncheons which have been and are still being given in all the leading cities of the United States in order to raise \$2,000,000 and thus secure a gift of \$1,000,000 from John D. Rockefeller. The \$2,000,000 will erect the buildings and equip the seven colleges which twelve of the leading denominational mission boards have combined to support in India, China and Japan.

More than sixty years ago the Woman's Union Missionary Society was organized by a group of Christian women to carry a message of hope to their sisters in Asia. Ten years later in the great denominational similar societies were organized. These societies now have millions of interested and devoted members who have established thousands of schools, from primary grade up to high school, through the hundreds of missionary teachers they have sent to the Orient. They have built hospitals, and have trained nurses, and set up little wayside dispensaries—and, above all, they have carried the Gospel with them.

Many of the little schools thus started have grown into schools of high standard and in order to give the girls who have finished the high schools collegiate advantages seven schools have been selected or new ones established which are to be equipped and supported by the united efforts of the twelve mission boards. They bear the general name of the "Union Christian Colleges for the Women of the Orient." They include the Women's Christian College at Tokyo, Gilling College at Nankai, Women's Union Medical College and Yenching college at Peking, Women's Christian College at Madras, Union Missionary Medical School for Women at Vellore and the Isabella Thoburn College at Lucknow.

Thanksgiving service will be held at the Mount Vernon Place Methodist Church at 11 o'clock Thursday morning, when the pastor, Rev. Earle Wilfley, will speak, and the church choir, led by W. E. Braithwaite, will give a special musical program.

## CALVARY CLASS TO HAVE GUESTS

Membership Contest Ends Tomorrow, Kansas City Men Leading.

Members of Washington lodges and employees of two commercial establishments will be special guests of the Vaughn Bible class of the Calvary Baptist Church tomorrow morning. Reception of the visitors will form part of the campaign of the class for new members.

Tomorrow will be the last day of the membership contest with the Business Men's Bible class of Kansas City. The Washington class has about given up all chance of winning, because the Westerners went far ahead of it last week.

Since the beginning of the contest, however, the Vaughn class has increased its average attendance from about 250 to more than 500, and nearly 800 are expected tomorrow. Among the guests will be members of Kallipolis Grotto, St. John's lodge of Masons, Harmony lodge of Odd Fellows No. 2, Railroad Square Club, and employees of Woodward and Lathrop and Duin and Martin.

A special program has been arranged. The National Male quartet composed of W. F. Raymond, John Martin, Fred East and Edgar Gray, accompanied by Louis A. Porter, will sing; the Vaughn class orchestra will play and Prof. L. D. Bliss will teach the Bible lesson.

A group picture of the class will be taken in front of the church at the close of the session.
